

Happy (HPY) Litepaper v1.1

1. Introduction Happy (HPY) is a community-driven utility token built on the Solana network with the mission to bring more positivity and simplicity into the crypto world. HPY is not just a digital asset, but a community symbol that unites investors, gamers, and DeFi users.

The fast and low-cost Solana infrastructure ensures that HPY can be used in everyday transactions, games, and different Web3 communities.

2. Mission and Vision **Mission:** To bring joy, community spirit, and real-world usability into crypto. **Vision:** To build the HPY ecosystem where the token can be used for: - Community events and campaigns - Staking and DeFi services - Future games and NFT integrations

3. Tokenomics - **Total supply:** 776,082,801 HPY - **Decimals:** 6 - **Distribution:** - Presale: 200,000,000 (25%) - Liquidity: 25% - Team: 10% (locked for 6 months, then 10% monthly) - Marketing & community: 20% - Reserves / partnerships: 20%

4. Presale Information - **Presale price:** 1 USDC = 100 HPY - **Listing price (Raydium):** 1 USDC = 80 HPY - **Soft cap:** 50,000 USDC - **Hard cap:** 200,000 USDC - **Liquidity:** 65% of raised funds → locked for 12 months - **Vesting:** - Investors: 20% at TGE, remaining 80% unlocked over 10 months - Team: Locked 6 months, then 10% monthly

5. Roadmap **Q4 2025** – Launch presale on Solanium, Happy listing on Raydium DEX, community airdrops & marketing push **Q1 2026** – Launch staking platform for HPY holders, expand community campaigns and referral programs, partnerships with Solana ecosystem projects **Q2 2026** – NFT collection launch linked with Happy ecosystem, mini-game / gamification prototype using HPY, start discussions for CEX listings **Q3 2026** – Broaden DeFi integrations (lending/borrowing pools, farming), global community expansion (regional communities, translations), more strategic partnerships **Q4 2026** – Full ecosystem update (staking v2, NFT marketplace integration), aim for at least one major CEX listing, long-term roadmap announcement for 2027

6. Conclusion Happy (HPY) is a simple yet strong community project. Transparent tokenomics, fair presale, and clear future plans provide investors with confidence that HPY is not just another memecoin, but a positive and growing ecosystem built on Solana.
